2023 BCV ORGANIZATIONAL SPONSOR PACKAGES

In addition to the package items, your charitable contribution also helps support our private veteran experiences focused on our mission to create intimate healing environments for our veterans and their families.

These include, but are not limited to:

Veteran Couples and Family Retreats/Programs:

Funding from our organizational sponsors will be utilized for the development of couples and family retreats/programs to be offered as extensions of healing for our veteran alumni. These two areas continue to be of significant challenge to our veterans even after the personal breakthroughs experienced during our annual helicopter event.

Each year following this event, we receive powerful letters from our veterans explaining how it literally saved their lives, yet afterwards, many struggle with how to share that life effectively with their loved ones. These retreats/programs are focused on bridging that gap and helping our veterans find purpose and passion within their family units. Centered around, but not limited to, physiological, psychological, financial, spiritual, and emotional education/support, these retreats/programs will take the impact of BCV beyond that of our annual hog hunt and into our veterans' homes.

Continued Camaraderie Initiative

Following their transformational experience during the Veterans Helicopter Weekend, BCV alumni will have the opportunity to continue their path of healing through a more intimate hunting/fishing trip with other fellow alumni.

These events will bring our veterans back together to share their journey of growth and healing following the annual hog hunt, while spending time together in the great outdoors. Guided by feedback from our BCV alumni, we have discovered that the ability to continue those relationships built during the annual helicopter weekend has a powerful and long-lasting healing effect for our veterans.

“Seeing other veterans and spending time doing things we love together will always be a way for us to keep our heads and stay focused on the big picture in life.” - Chris Bova USMC (2019 BCV Veteran Alumni)

BCV Alumni Gatherings

BCV will host periodic BCV Alumni Gatherings, in which all previous veterans who have participated in one of our annual helicopter weekends can converge for a time of fellowship and camaraderie. This event will be open to our veterans' families and designed to bring our warriors together to continue the healing process beyond that experienced during the annual hog hunt.
